Kajbar Trading, Contracting And Cleaning

INTRODUCTION

In the heart of Qatar's dynamic market, where companies compete to deliver the best, Kajbar Trading, Contracting & Cleaning has emerged as a trusted partner combining long-standing expertise, high-quality standards, and continuous innovation.

Since its foundation, Kajbar has set a clear goal: to deliver integrated, sustainable, and advanced projects that build trust and add true value to clients.

OUR VISION & MISSION

Vision:

To become the first choice in Qatar for contracting and cleaning solutions, delivering modern and sustainable services.

Mission:

To execute projects and services with international standards that combine accuracy, innovation, and credibility—placing the client at the core of every decision.

OUR CORE VALUES

01 QUALITY:
Execution aligned with internationally recognized standards.

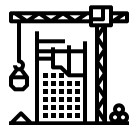

02 TRANSPARENCY:
Complete credibility in every transaction.

03 INNOVATION:
Modern solutions that keep pace with development.

04 DIVERSITY:
A team enriched with multiple skills and cultures.

05 PARTNERSHIP:
Working with our clients to achieve shared success.

OUR SERVICES

OUR SERVICES

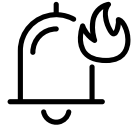

Maintenance Services

- Comprehensive maintenance for buildings and facilities covering electrical works, plumbing, HVAC, Civil Defense, and finishing
- Rapid response and high-quality execution by specialized technicians
- Preventive and corrective programs ensuring operational continuity
- Extended asset life, reduced breakdowns, and safe, reliable facilities

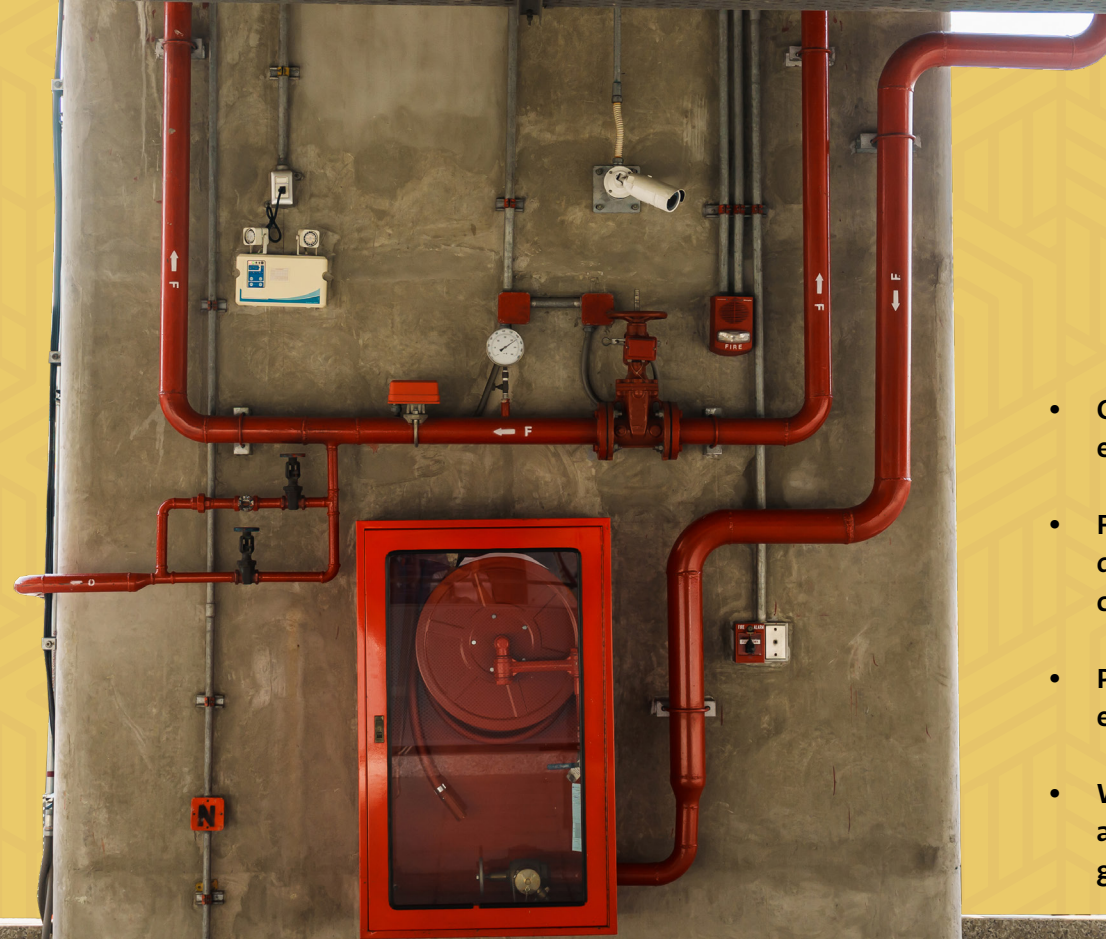

OUR SERVICES

Fire Fighting & Civil Defense Systems

- Implementation of full fire detection and suppression systems according to NFPA and QCDD standards
- Automatic sprinklers, manual systems, gas suppression, and central control panels
- Early warning smoke and heat detection systems

- Certified international equipment ensuring efficiency and safety
- Full Civil Defense handover management—from drawings and approvals to testing and final certification
- Periodic maintenance, testing programs, and emergency-ready systems
- We utilize internationally certified equipment and implement with utmost precision to guarantee efficiency and the highest levels

OUR SERVICES

Aluminum, Glass & UPVC

- We provide integrated solutions in aluminum, glass, and UPVC works, including doors, windows, modern glass façades, internal partitions, kitchens, and functional cabinets, with a strong focus on contemporary design and precision in execution.
- Our products are distinguished by their strength, durability, and resistance to weather conditions, while ensuring the highest levels of thermal and acoustic insulation. This guarantees quality and innovative systems that enhance the elegance, comfort, and safety of buildings.

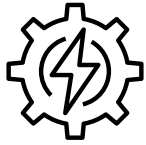

OUR SERVICES

Flooring

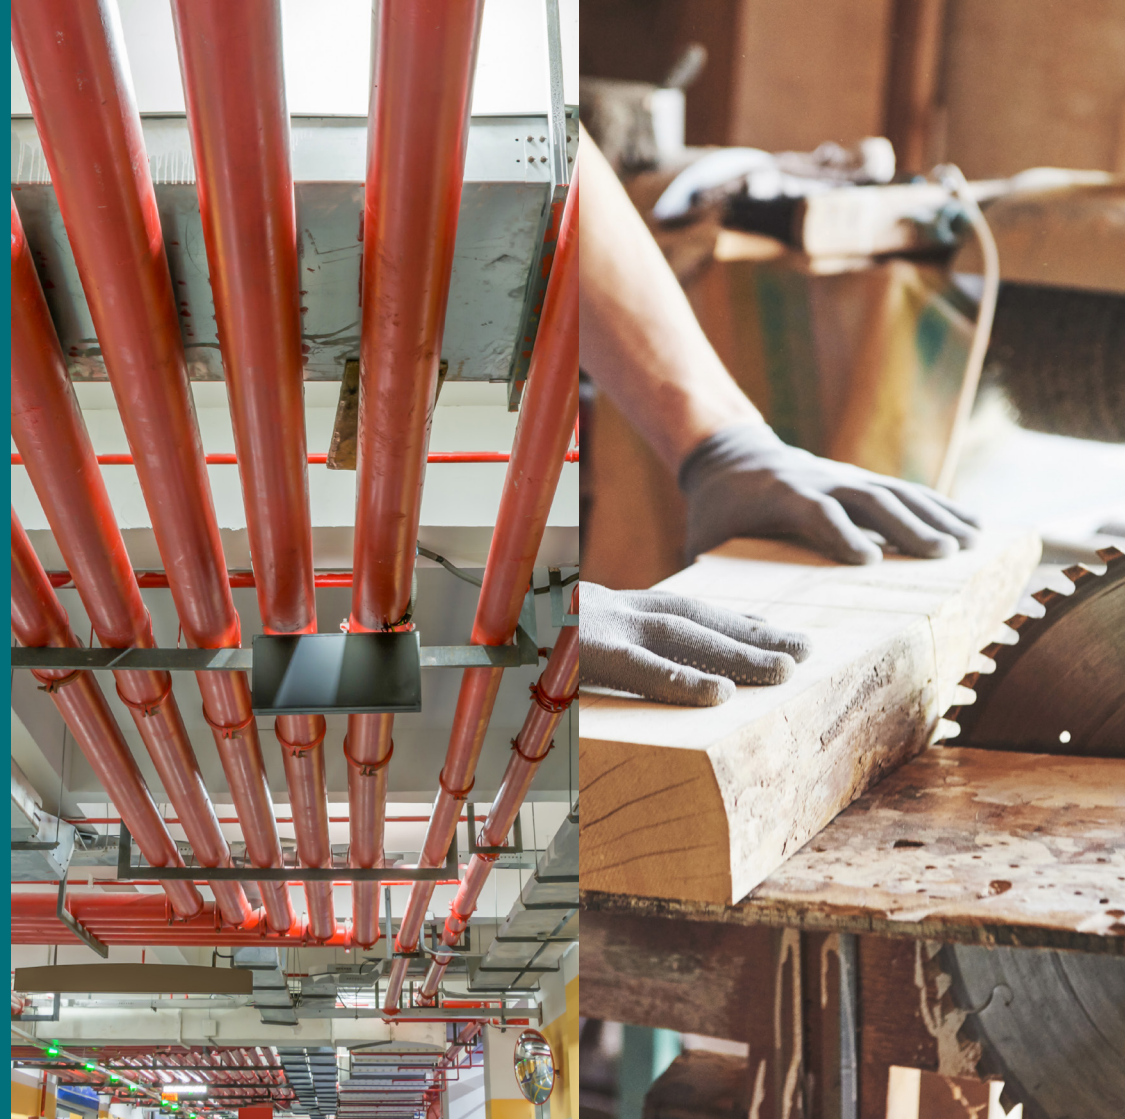

- We execute all types of internal and external flooring works, including screed, ceramic, porcelain, marble, granite, parquet, and PVC, in addition to industrial epoxy, interlock, and stamped concrete for outdoor areas.
- We ensure high-quality preparation and precise installation to guarantee durability and extended lifespan, while providing diverse finishes that combine functionality and aesthetics to reflect the unique identity of the space.

OUR SERVICES

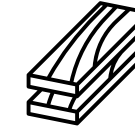

Electrical & Plumbing

- We provide integrated solutions in electrical and plumbing works, covering internal and external installations, lighting and power networks, as well as control and protection systems. Our services also include water supply, drainage, and pumping systems.
- We rely on high-quality materials and strict safety standards to ensure efficiency and continuity, while executing designs in full compliance with technical specifications and international standards. We place special emphasis on finishing quality.

OUR SERVICES

Carpentry

- We execute all types of internal and external carpentry works in accordance with the highest standards of quality and precision, starting from wooden doors to custom-made furniture and decorations, and extending to kitchens and wall cabinets.
- We use natural, treated wood resistant to moisture and insects, ensuring durability and longevity while meeting client requirements. We also place special focus on final finishes and paints.

OUR SERVICES

Structural Steel & Metal Works

- We specialize in metal construction works, including steel structures for elevators, metal stairs, and gates, as well as the fabrication and installation of car parking shades. Our solutions are advanced and practical, combining strength with aesthetics

OUR SERVICES

Professional Cleaning Services

- We provide professional cleaning services for villas, commercial buildings, schools, and hospitals. Our service is defined by precision and reliability, ensuring every space becomes a true reflection of excellence.
- Our teams are trained in health and safety standards, and we provide flexible cleaning contracts (weekly, monthly, or annual) tailored to client needs. This ensures a clean and healthy environment that reflects an elegant image of the property."
